

**Bobcat**<sup>®</sup>

## Water Kit Attachment

***One Tough Animal***<sup>™</sup>

## Specifications

Water Kit	Loaders	Toolcat™ 5600
Tank Capacity	28 gal.	80 gal.
Weight (empty / full)	165 lb. / 474 lb.	140 lb. / 809 lb.
Pump Capacity	2.8 gpm	1.8 gpm

Quick-tach couplings for fast connections to attachment carrier.

Nozzle kit includes plumbing lines and four Tee Jet nozzles.

Toolcat™ 5600 with water kit

### Minimize dust and improve air quality with the Bobcat water kit attachment.

The water kit attachment is ideal for controlling dust levels in residential or urban areas. Two models are available to fit either a Bobcat loader or the Toolcat utility work machine. Nozzle kits are also available for various attachments, including angle brooms, sweepers, planers and vibratory rollers.

- High-capacity tanks minimize refilling
- Quick-tach hose couplings allow fast hookup
- Four spray nozzles distribute flow evenly
- Pump “on-off” switch conveniently located in cab

NOTE - Where applicable, dimensions are in accordance with Society of Automotive Engineers (SAE) and ISO standards. Specifications and design are subject to change without notice. Pictures of Bobcat units may show other than standard equipment. All dimensions are given for loader equipped with standard tires. All dimensions are shown in inches. Respective metric dimensions are enclosed by parentheses. Bobcat Company complies with the requirements of ISO 9001 as registered with BSI.

*The Bobcat Attachments Advantage: Bobcat attachments are engineered and manufactured to fit Bobcat loaders for optimum job performance, dependability and durability.*

**Bobcat Water Kit Attachment fits these carrier models:**

**Skid-Steer Loaders:**
