APPLICATIONS

SAND CLEANER SOLUTION

TOUGH JOBS

Since 1958 Bobcat is conquering the world with equipment of unrivalled quality and unprecedented versatility. Thanks to the different models and a wide range of attachments Bobcat Loaders can perform virtually every task. Used in agriculture, construction, landscaping, forestry, snow removal and many more. Today, we present to you Bobcat Tough Jobs.

WHY BOBCAT SAND CLEANER?

PERFORMANCE

- Collect small debris (cigarette stubs, bottle caps, broken glass, ...)
- Short cycle time

HIGH PRODUCTIVITY FOR GREAT VALUE

- Up to 15,000 m²/h
- Solution package 1/2 the cost of a dedicated machine

VERSATILITY

- Use a Bobcat Root Grapple to pick up large material
- Access difficult areas

TOP TASKS

- Public beach, private resort cleaning
- Playgrounds maintenance
- Sports fields (Volley ball, beach soccer, ..)
- Racing tracks
- Farm
- Recycling/sorting industry

KEEP IT CLEAN WITH THE BOBCAT SAND CLEANER

The Bobcat Sand Cleaner is an effective attachment on wet and dry sand/soil. It allows the operator to quickly sift the sand/soil and collect debris as small as cigarette stubs in its 350L hopper. He can then easily dump the debris in a truck thanks to its high discharge capability and hydraulic hopper gate.

Bobcat Sand Cleaner package (machine + attachment) can sift up to 15,000 m²/h and cost half the price of a dedicated machine.

The compact size of the machine and its unmatched maneuverability give to the operator the ability to work around fixed obstacles and to reach isolated locations with small access roads.

The back blade attached to the back of the machine will insure a nice finish by removing the tracks marks.

Add safety to the cleaning operation by driving AND looking forward.

A BOBCAT SOLUTION PACKAGE

Complete cleaning solution

- Attach a Bobcat Root Grapple to pick up large material before finishing the job with the Sand Cleaner.
- Use an Angle Broom or Sweeper to remove sand from nearby roads.

Integrated solution

- Fingertip controls and speed management for comfortable operation
- Deluxe panel to track your usage
- HVAC for a comfortable work environment

Plug and Play

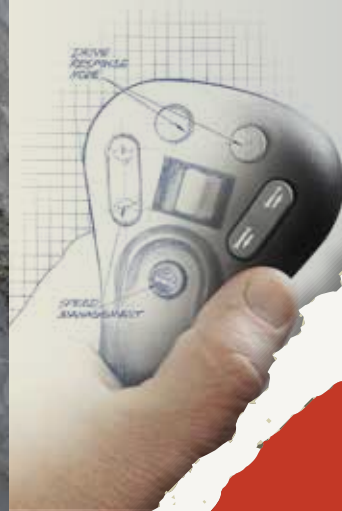

- Quickly and easily attach or detach
- No workshop modifications
- User friendly

"One-Stop-Shop" Bobcat Benefit
One source – one supplier – one partner for parts, warranty, service and support.

MAXIMUM CONTROLLABILITY AND MAXIMUM PERFORMANCE

- Hydraulic depth control
- Hydraulic bucket discharge
- ACD control
- Interchangeable grids (4 sizes)
- Back blade for nice finish
- Diverter valve and drain line
- Auto-lubricating bearing seal
- Maintenance free
